# GEN. VILLA'S ARMY DRIVEN TO CORNER

Remnants of Force Defeated at Two Places and Flee to Northwest.

Weeting everywhere with reverses, the remnants of General Villa's army is being driven into a corner in northwestern Mexico, according to reports reaching here today.

The Navy Department received from Admiral Howard, commanding the American squadron on the west coast of Mexico, an official dispatch telling of of Mexico, an official dispatch telling of the defeat of the Villistas at Guaymas and Empaime, and their pursuit north-ward. Other reports told of the steady advance of Obregon and other Carranza generals through northern Mexico from

the south and east. The Carranza agency made public a dispatch from Mexico City telling of the steady restoration of confidence in

the steady restoration of confidence in the Carranza government as a result of the decision of the Pan-American conferees to recognize Carranza.

Arnold Shanklin, for years United States consul general at Mexico City, today presented his resignation to Secretary of State Lansing to accept a position as legal representative in Mexico City of the Waters-Pierce Oil Company, an American concern. Shanklin first came into the public eye during the time when Huerta was President of Mexico, when he had a "run in" with former Ambassador Henry Lane Wilson and got the best of it. Several months ago he was recalled because of trouble with the Brazilian minister, who was then representing American interests. Since then he has been held on the waiting list.

Although Secretary Lansing conferred

Although Secretary Lansing conferred at some length today with President Wilson regarding his departmental estimates for next year, he was unable to announce afterward when formal recognition would be extended Carransa.

This is the best canned goods offer ever made, and when they are all sold we can't get any more.

Wisconsin Pack Sweet June Peas. This year there was an enormous pack of canned peas in this country. As might be expected, prices went way down; in fact, many packers feared a heavy loss. The packers of the brand mentioned above, rather than see vast quantiles of perfectly good peas go to waste, conceived the ilea of canning them just as they come from the bod; no sorting, no grading; just put them in the can as they come.

THESE GOO DS are not trash: they are good enough for any table, but for the reason that many people cannot understand how perfectly good Sweet June Wisconsin Peas can be sold at such a ridiculously low price, we urge every one who is the least bit skeptical to try one can first. They will be on sale all this week, and you can get as many as you want.
